Why do you need School App?

Parents lack in keeping their kids academic and social needs. The problem is how to keep track of; incomplete homework, delayed parent teacher's meetings, missing sports activities, and low grade points. Parents have to search for schools portals, website, emails and social network, while managing their busy lifestyle. Teachers, on the other end, are busy in sharing the information through multiple platforms, spending approx. lots of money on each one of them.

School's Challenge

Parents lack in keeping their kids academic and social needs. The problem is how to keep track of; incomplete homework, delayed parent teacher's meetings, missing sports activities, and low grade points. Parents have to search for schools portals, website, emails and social network, while managing their busy lifestyle. Teachers, on the other end, are spending lots of money and are super busy in sharing information to multiple platforms.

eConnect – The Opportunity

eConnect is school communicator app, sends real time notification to parents about their children daily academic and social activities. i.e. Homework, Event Plan, Attendance, Examination Schedules, News Feeds, Result Cards and Sports Activities. School subscribes annually to push alerts using cloud based web portal, plus get their complementary mobile applications.
